

We have made it to March. I want to shout *“Alleluia,”* but we are not allowed that pleasure in Lent—so I’m saving it for the glorious Easter morning in April. The coming of March means I will see some days where Springtime is peeking around the corner. [Longer, sunny, warmer days helps me along.] March is also the time of heavy duty rehearsals, all for the good of our spiritual well-being. With Passion Scenes, the New Creation Musical and the Senior Choir concert all getting the care they deserve, I see in the future a glorious Spring filled with wonderful music. So, even if it snows a bit more, keep thinking *“Al-le-lu-ia!”* [just don’t say it out loud... :)]

The Passion of our Lord

With shouts of *Hosanna* to cries of *Crucify Him*, this story of the passion of our Lord is interpreted through drama, music, narrative and dance. Scenes of Jesus’ final days on earth will lead us to the start of our Holy Week journey.
